EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

in claim 8, in line 1 - - wherein - - has been inserted after "claim 1,".

The following is an examiner's statement of reasons for allowance:

the issue in the Final Office action was whether or not the heat transfer device of Dobak et al. (6,478,812 and earlier patents with the same drawings) had flexible layers that lacked an undercut. The examiner was uncertain based on his evaluation of the drawings alone. However, further examination of the drawings plus the declaration of Steven A. Yon with the company that was the assignee of the Dobak patent and is the assignee of the current application is persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roy D. Gibson whose telephone number is 571-272-4767. The examiner can normally be reached on Tu-Th, 7:30 am-4:00 pm.
